EXPEDITIONARY FORCE.

France, August 21, 1917.

Dear Sir:

In behalf of the men of the 5th Regiment of Marines I wish to extend to you our heartiest thanks for the generous quantity of cigarettes which you so kindly sent to us here in France where they are so much needed; for, although there is French tobacco to be had, it is not at all to our liking.

In our few leisure moments, when we relax and think of home, to be able to smoke an American cigarette is a genuine comfort which we have come to appreciate.

Again I thank you.

Very truly yours,

C. A. Doyen
